DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-18, drawn to a display interface/ drivers/ display, classified in class 345, subclass 204.
 - II. Claims 19-32, drawn to a device for driving stroke displays using formats designed for raster displays, classified in class 345, subclass 418.
 - III. Claims 33-52, drawn to a computer device for driving multiple displays of different types using formats designed for raster displays, classified in class 345, subclass 1.1.
- 2. The inventions are distinct, each from the other because of the following reasons: Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a display interface/ drivers/ display that does not include a device for driving stroke displays using formats designed for raster displays nor a computer device for driving multiple displays of different types using formats designed for raster displays. See MPEP § 806.05(d).
- 3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).
